Apex 'Templar' Filing Cabinets

Category: Security Containers

Sub Category: Filers

Description

These cabinets offer filing type storage, suitable for standard suspension files in either a 4 drawer, 3 drawer or 2 drawer formats. Drawers run on heavy duty slides giving a maximum capacity for each drawer of 80kg (175lbs). Each drawer fully extends clear of the cabinet to enable drawers to be easily loaded. There is an anti-tilt system in each unit to ensure that only one drawer may be extended at one time. Drawer dividers are available for all filing cabinets. The full Templar range is available with a choice of high security locks.

However they are available to exact customer specification, alternative widths and depths available on request.

Available in a choice of RAL colours.
