

Heras

Viewscope HS

Category: CAPSS Approved

Standard Tested To: CAPSS - Version 2: April 2015

Description

The Viewscope HS is a solutions system to allow full Ethernet communication for security products, allowing integration of fence detection, third party alarm inputs & outputs for gate control, third party IDS Alarms, third party Fire Alarms and CCTV viewing with NVR recording. This product was initially evaluated by NPSA as Heras Vision HS but has subsequently been renamed to Heras Viewscope HS.
